

Video Compilation Workshop

Date: Sunday, 3/21/2021

Time: 3:00– 4:15pm

The focus of this class is to learn how to use the **free video software Photos** that is bundled with **Windows 10**. In this workshop you will learn how to create a short video that can include pictures (Jpegs, Png files etc.), video clips (mp4s, movie files), clip arts and other media such as music and special effects. At the end of the class, you will have a cool video that you can share with family and friends.

Required materials to follow along:

- => Computer with Windows 10 installed
- => Your digital photos, video clips, and cliparts

**Register by Friday, 3/19/2021 via this [link](#) to receive
Zoom Meeting invitation**
